Friday Sept. 1st

Register Online Today:
www.dmaynardphotography.com

AVC and Miami Digital Center are proud to host a Macro Photography Workshop presented by TAMRON Image Master, David Guy Maynard.

Location: Miami Digital Center 7500 N.W. 25th st Store #1 Miami, FL 33122

Time: Friday, Sept. 1st 2017 from 6 PM to 10:00 PM

What to expect:

In this lively 4 hour workshop, you will not only learn straight forward and useful information for taking better macro and nature photos, but for taking better photos in general. Using a combination of classroom style and live demonstration with real time results being shown, David offers a truly unique and effective learning opportunity to the attendees. For the last hour of the workshop, attendees will have the chance to take photos and practice some of the techniques they have just learned with Davids guidance. Bring your camera, lenses, and flash!

\$69.99 per person
(Seating is limited, register today!)

What's included:

- * Welcome Bag & Refreshments
- * Classroom Style & Live Photo Demo - Plus Hands-On session
- * Exclusive offers from sponsors
- * Door Prizes and more!

Your Presenter:

David Guy Maynard is an award winning photographer working in Commercial, Fashion, Beauty, Event, Nature/Macro and Fine Art photography. His work has been published in numerous magazines and publications around the world, as well as being featured in prominent galleries and exhibits.

David's technical experience and practical approach to location lighting and workflow offers a fresh and entertaining perspective in a lively atmosphere to photographers of all skill levels.
