

# UNIQUE PHOTO'S NJ CAMERA SHOW

One-day event featuring educational seminars, special savings from participating vendors and discussion with professional landscape photographer, Ken Hubbard.

Ken Hubbard

## BIRDS TO BUTTERFLIES- NATURE PHOTOGRAPHY

Join Professional Photographer Ken Hubbard as he presents this informative and fun seminar on capturing great nature images! Whether you enjoy photographing small bugs and butterflies, larger mammals such as whales, or even birds in flight -- this seminar is for you. Ken will go over the many techniques that will help you capture the images you want in addition to camera settings, composition, and looking for that good light.

## CAPTURING IMAGES FROM DUSK TILL DAWN

Join Professional Photographer Ken Hubbard as he takes you on a visual journey of images from the setting sun, through the darkness of night and then to the on first light of morning. Ken will explain all his techniques for capturing these stunning images. His lecture will take out some of the mystery of Night Photography by covering subjects such as "Knowing your Camera", "Proper exposures", and most importantly, "Equipment and Lens needs".
