TRAVEL NEAR AND FAR

It's a big world out there, and we want to help you capture it all! Join Professional Photographer Ken Hubbard as he helps you fine tune your photography skills, so you don't miss out on taking the best possible images of your next adventure. During this seminar you will learn how to create the right exposure, approach your subject, compose new angles and perspectives, pack your bag with the right lenses and much more useful information. Open your eyes to the world of travel photography and your memories will last a lifetime!
